Herring-Hall-Marvin Safe Company,
Hamilton, Ohio.

Gentlemen:

Reference is made to your contract for the Vault Entrance work for the Denver, Colorado, Mint, and particularly to shop drawings Nos. 15425X, 15426X and 15427X.

In this connection you are advised that one set of these drawings has inadvertently been misplaced and, in order that the files of the office may be complete, you are requested to forward one additional set.

By direction of the Supervising Engineer.

Very truly yours,

Superintendent of
Structural Engineering.

IN REPLYING QUOTE THE ABOVE SUB-
JECT, BUILDING, AND THESE LETTERS

PW- SA- S

July 9, 1936.

Construction Engineer Owens,
United States Mint,
Denver, Colorado.

Sir:

On January 17, 1936 there were sent to you shop drawings
Nos. 15425X, 15426X, 15427X, and 15429X, for the entrances
for the Denver, Colorado, Mint.

Up to the present time, however, this office has not received
from you the signed acknowledgement of their receipt, forwarded
therewith. If the drawings mentioned have been received, you are
requested to sign and return the acknowledgement to this office
at the earliest opportunity, for its record and file.

By direction of the Supervising Engineer,

Respectfully,

A handwritten signature in cursive script, likely of the Superintendent, is written above the typed title.

JECT, BUILDING, AND THESE LETTERS

PB- SA-S

September 10, 1936.

Construction Engineer Owens,
United States Mint,
Denver, Colorado.

Sir:

Reference is made to your letter of August 15, 1936, stating that you were unable to locate or account for your approved set of shop drawings Nos. 15425X, 15427X and 15429X for the Vault Entrance work for the United States Mint, Denver, Colorado.

Inclosed herewith is a duplicate set of the above-mentioned prints for your file.

Please acknowledge receipt of these drawings.

By direction of the Supervising Engineer.

Very truly yours,

Superintendent of
Structural Engineering.

Received
Sept - 12/36

Copy to District Engineer.

James D. Owens

Denver, Colorado,

August 15, 1936.

Supervising Engineer,
Public Buildings Branch,
Procurement Division,
Washington, D. C.

Sir:

In reference to contract with the Herring-Hall-Marvin Safe Co. for the Entrance Work at the U. S. Mint in Denver, Colorado and to your inquiry PW-SA-S dated July 9th as to receipt of shop drawings Nos. 15425X, 15426X, 15427X and 15429X FOR THE ENTRANCE WORK U. S. Mint, Denver, we beg to advise that a rigid search has been made for the drawings mentioned above with the result we are only able to account for one drawing in the lot, that being 15429X. The other three we have been unable to locate or account for in any way.

Would suggest that you examine your files carefully and see if they were routed to this destination as you state on January 17, 1936.

Very truly yours,

James D. Owens

Construction Engineer.

Gentlemen:

In reply to your letter dated December 9, 1935, submitting shop drawings for 6" square door in the sub-basement vault at the Denver, Colorado, Mint, and inquiring the color of finish to be used, you are advised that dull black color is satisfactory.

Action on the shop drawings formed the subject of a separate communication.

Very truly yours,

Supervising Engineer.
